Event for Healthcare Professionals

1. The PhRMA and IFPMA Codes of Ethics, by which Sandoz is governed, establish that only Healthcare Professionals may participate in medical education and training events.
2. Your acceptance to participate in the event represents your acknowledgment that you have no conflict of interest regarding the obligations or responsibilities you have with any public or private institution. If approval from your superiors is required to participate in the event, you will be responsible for obtaining such authorization prior to participating in the event and must share it with Sandoz. Failure to do so will be deemed unnecessary.
